**This Parent Handbook was developed to answer many of the commonly asked questions parents may have during the school year, and to provide information about the Van Wert City Schools Board of Education policies and procedures. Please take time to read this handbook and become familiar with the information included. You may also want to keep it close for any questions/issues that may arise during the school year.**

**This handbook replaces all previous handbooks distributed. Also, if you have specific questions about Board of Education Policies and Procedures, you may access them on the VWCS website ([www.vwcs.net](http://www.vwcs.net)).**

## OUR SCHOOL

### KINDERGARTEN SCHOOL DAY

The VWECC office is open from **7:30 a.m.** to **4:00 p.m.** each day that school is in session.

Kindergarten students may begin arriving at school ***no earlier than 7:30 a.m.***, and will be attended to by staff in the Commons area of the building. All kindergarten children must be in attendance by **8:10 a.m.**, or they are counted as tardy.

Kindergarten children are dismissed at **3:00 p.m.** (Parent Pickup) and **3:05 p.m.** (Buses).

### ADMISSION REQUIREMENTS

Ohio law requires students to enroll in the school district in which the legal parent(s) or guardian(s) reside(s) unless they are enrolling under a district's open enrollment policy.

All kindergarten children must be age 5 on or before August 1 to be able to enroll in kindergarten. Kindergarten is mandatory before entering first grade. When parents/guardians enroll their child, they must provide copies of the following:

- An original birth certificate (or similar document)
- A copy of the student's Social Security Card
- A copy of current immunizations
- A copy of any court papers pertaining to custody as per Ohio Revised Code (should this apply)
- Address of parent and child (proof of residency)

Students enrolling from another school must have an official transcript from their previous school in order to have grades and academic progress transferred. Office personnel will assist in obtaining the official transcript and other records needed by having the parent or legal guardian sign a *Request for Records* form to be mailed or faxed to the student's previous school.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents or legal guardians will be notified about documentation required to establish permanent enrollment. Temporary enrollment may not exceed 60 calendar days.

**ALL KINDERGARTEN PARENTS MUST COMPLETE ALL KINDERGARTEN FORMS**

**ONLINE THROUGH THE FINAL FORMS SITE. LINK IS ON THE VAN WERT CITY**

## ATTENDANCE

Van Wert City Schools considers every school day to be important to a child's learning process, and is committed to working with parents/guardians to prevent absences and tardies from impairing a child's academic success. Arriving on time is important to a child's development of good work habits, and is also important to the classroom setting -- children entering the classroom tardy often interrupt the education process for other students.

In accordance with guidelines set forth by the Ohio Revised Code; the Ohio Department of Education and VWCS Board Policy the ECC-Kindergarten has established the following procedures for attendance:

- 1. Attendance at school is compulsory (required and enforced) once a child is enrolled in Kindergarten.**
- 2. Parents/guardians are responsible for providing the school with their name, telephone number and address.**
  - a. This ensures that the school has contact information that can be utilized, if the need arises, during the school day. Updated information can be provided to the school by calling during school hours, or leaving a detailed message on the available after-hour voice message system. School email information can also be provided upon request.
- 3. Parents/guardians are responsible for providing the school with the names and telephone numbers for emergency contacts.**
  - a. This is important should the parent/guardian not be available for contact during the school day.
- 4. Parents/guardians are responsible for contacting the school, at the beginning of the school day, when their child will be tardy or absent, AND providing the specific reason for the tardy/absence. The Van Wert County Health Department requires parents/guardians to identify specific health-related reasons for tardy/absence → cold, flu, earache, hospitalization, etc.**
  - a. Parents/guardians are to call the school at **(419) 238-0384**, at the beginning of the school day, to report the tardy/absence and explain the reason for tardy/absence. Parents/guardians may also leave a voice message with (a) the parent/guardian name, (b) the child's name, and (c) the specific reason for the tardy/absence.

5. **When a parent/guardian fails to report their child absent/tardy by the beginning of the school day, it is the school's responsibility to make 1 attempt to contact the parent/guardian and determine the reason for tardy/absence.**
  - a. The school is responsible for making this contact within 2 hours of the beginning of the school day on the date of the tardy/absence.
6. **It is the parent/guardian's responsibility to sign a child in and out of the school office, should the child report to school after the beginning of the school day or leave school prior to the end of the school day.**
  - a. The child's parent/guardian must sign the child in or out of the school office, and provide a specific reason for the child coming to school after the beginning of the school day or leaving school prior to the end of the school day. When a parent signs their child into school after the beginning of the school day, the child will be given a tardy slip to give to their teacher.
7. **The reason for a child's tardy, early dismissal, or absence will determine if the missed time is considered excused or unexcused. If a parent/guardian allows a child to reach the status of "Habitual Truant" and/or "Excessively Absent", the parent will be required to attend an **Absence Intervention Meeting**.**
  - a. **If improvement in attendance is not documented after the Absence Intervention Meeting, a referral will be sent to Van Wert County Prosecutor's Office.**
  - b. **Missed time is calculated in minutes and added up to hours. H.B. 410 defines when a child becomes "Habitual Truant", as a result of excessive unexcused missed hours, and/or "Excessively Absent", as a result of accumulated combined excused and unexcused missed hours. (See attachment in handbook labeled "House Bill 410 Habitual and Chronic Truancy). H.B. 410 also identifies steps schools are responsible for taking should a child reach the status of "Habitually Truant" or "Excessively Absent". (See attachment in Handbook labeled "Definition of Habitual Truant").**
  - c. **The latter handout also provides instructions for how to find VWCS Board Policy for Excusable Reasons for Absence. The school sends out letters notifying parents when a child has reached one of the identified categories.**
8. **Per VWCS Board Policy, personal illness is an excused reason for missed hours, should a parent comply with the following guidelines.**
  - a. Parents are allowed to "call in" and report their child absent for a personal illness **up to 3 times per trimester** without providing the school with an accompanying written medical excuse.
  - b. **HOWEVER, after the 3<sup>rd</sup> parent "call in" in one trimester** (without an accompanying medical excuse), the **parent MUST provide the school with a**

**written medical excuse** for any future illness related absence reported for that child for the remainder of that trimester.

- c. If a parent/guardian fails to provide a written medical excuse for their child after the 3<sup>rd</sup> parent “call in” for illness in any one trimester, the school will record the absence as unexcused.

**9. Per VWCS Board Policy, parents/guardians may request permission for their child to be absent from school for up to 5 school days, per 1 calendar school year, in order to accompany the parents on a family vacation.**

- a. In order for these 5 days to be marked as excused absences, **the parent MUST seek and obtain permission for their child to be absent, from their child's school principal, PRIOR to the family vacation.**
- b. Notifying a child's teacher of an upcoming family vacation or emailing the school that the child is leaving on a family vacation does **not** meet the guidelines for these 5 days to be considered excused.

**10. When absences are unavoidable, parents/guardians are encouraged to consult with their child's teacher in order to identify ways that they can supplement their child's learning process at home.**

## **KINDERGARTEN TRANSPORTATION**

Parents/guardians will be asked to fill out a transportation form at the beginning of the school year so that we can better assist you with your child's transportation needs.

### **BUS TRANSPORTATION**

Kindergarten children in the Van Wert City School District are picked up and dropped off at "bus stops" around the city. It is your responsibility to get your child to and from these bus stops. School district staff are stationed at the stops to assist with your child's safety. The following "bus stops" are:

- Goedde Building
- Trinity United Methodist Church
- Jubilee Park
- Church in Ohio City
- Old Washington School Site
- Trinity Friends Church
- Olympic Lanes

### **PARENT DROP OFF/PICK UP**

You, as the parent/guardian, may also provide your own transportation for your child. If you choose to do so, you may drop your child off beginning at 7:30 a.m. When dropping your child off, please pull up in the first lane only – closest to the building. Always have your child get out of the car on the building side. We do not want any child getting in or out of a car on the parking lot side of your car. This will keep your child as safe as possible as they will not be crossing in front of or behind your vehicle.

You will need to be here at 3:00 p.m. to pick your child up. You may come into the lobby to get your child, or you may drive up to the front door and kindergarten staff will assist you in getting your student inside your vehicle.

When picking up your child, please pull up in one of the two closest lanes to the school. You will be given a sign with your child's name on it to place in your front car window. This will help us in putting your child in the car safely.

Again, if you have questions about transportation, please do not hesitate to contact the school secretary in the school office, your child's teacher, or myself with any questions or concerns you may have. Our goal is safety first for all children enrolled in our kindergarten program.

VWCS has adopted a new transportation policy which is located at the back of this handbook for your reference.

## BUS RULES

If your child is riding a bus, the following safety rules need to be applied.

- At all times, the bus driver is in full charge of the bus, and the students who ride it.
- All children are to listen to the bus driver's directions.
- Keep hands, feet and objects to yourself.
- Keep your book bag closed at all times.
- Stay in line at all times.
- You may talk in a quiet voice to those in your seat.
- Use kind words and polite manners when interacting with others.
- Encourage others to follow the rules.
- Stay in your seat at all times.
- Please be quiet at all railroad crossings.
- Keep the bus aisles free of all objects.
- Keep all objects and body parts inside the bus at all times.
- To avoid the possibility of choking, please keep all food and/or drinks in your book bag.

In extreme cases of misbehavior, a student may be denied transportation by the building principal or the Director of Transportation for a limited time. Parents will be notified when students may be suspended from the bus.

## AFTER SCHOOL CARE

We understand some parents need a few more minutes at the end of the day in order to pick up their child. For kindergarten students, we do have an "after school care" program where children can stay in the care of paraprofessionals until you are able to be here. This service is for working parents who may not get off until 3:30 p.m., or so. All children who need after school care must bring in a note **each morning** stating the need for this program, so we have staff here to supervise. This is not designed to be "babysitting" while parents run errands, etc. This is designed to help working parents with transportation and timing needs.

***ALL CHILDREN NEED TO BE PICKED UP BY 4:00 P.M. NO EXCEPTIONS, AS THERE WILL NOT BE STAFF HERE TO SUPERVISE THEM. PLEASE MAKE SURE TO HONOR THIS TIME COMMITMENT.***

## **MEDICAL INFORMATION**

### **EMERGENCY AUTHORIZATION FORMS**

Each student must have an Emergency Authorization Form on file in the school office of the attended building. This form will give the needed contact information if and when an emergency should arise. It also allows or permits a doctor(s) to give medical attention to students when parents cannot be contacted. This form must be signed by the parent or guardian. Parents are asked to notify the school with any medical changes that may occur throughout the school year. These forms should be updated with address and phone number changes as they occur.

### **MEDICATION POLICY**

School personnel are not permitted to dispense medication without the written authority of a doctor. Any parent with a child who needs to take medication, on a temporary or regular basis during the school day, must have this set up with the school nurse prior to beginning the medication. Please contact the school nurse with any medication concerns or questions.

### **SCHOOL NURSE**

The school nurse is responsible for the maintenance of all health records, routine health checks, and hearing and vision screenings. If you have any questions or concerns with your child's health and medical condition, please contact her by calling the school office.

## PROMOTION, PLACEMENT, and RETENTION

- A student will be **PROMOTED** to the succeeding grade level when he/she has:
  - Completed the course and state-mandated requirements at the present assigned grade level.
  - In the opinion of the professional staff, achieved the instructional objectives set for the present grade level.
  - Demonstrated sufficient proficiency to permit a child to move ahead in the educational program of the next grade.
  - Demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.
- If the child does not meet the above stated educational objectives, he/she will be **RETAINED**.
- A student will be **PLACED** at the next grade level when retention would no longer serve the educational good of the student.
- Following sound principles of child development, the Board of Education discourages the “skipping” of a grade level.
- The superintendent, in connection with the building principal, shall develop administrative guidelines for PROMOTION, PLACEMENT, AND RETENTION of a student which:
  - Require the recommendation of the relevant staff members for promotion, placement, or retention.
  - Require that parents are informed in advance of the possibility of retention of a student at a grade level.
  - Assure that efforts will be made to remediate the student’s difficulties before he/she is retained.
  - Assign to the principal the final responsibility for determining promotion, placement, or retention of each student.

## **CURRICULUM**

### **HANDWRITING**

We will be learning the modern manuscript style of handwriting. This type of writing does not have the tails at the end of the letters that have been used in the past. We will emphasize top to bottom and left to right strokes with our letters. We will practice writing our names using a capital letter at the beginning and the rest of the letters being lowercase.

### **PHONEMIC AWARENESS**

We will be using Heggerty Phonemic Awareness: The Skills That They Need to Help Them Succeed! Program. Phonemic awareness is the basis for literacy and reading instruction. Phonemic Awareness is the most potent predictor of success in learning to read (Stanovich, 1984, 1996). It is an auditory training process. It is the awareness of letters, the sounds those letters make, and how those sounds are put together to make the words that we speak (and eventually write).

### **BALANCED LITERACY**

We will be using a reading framework called The Literacy Collaborative to teach reading skills. This includes Interactive Read Aloud, Shared Reading, Writing About Reading, Interactive Writing, Shared Writing, Word Study, and Guided Reading.

### **WRITING**

We use a formal writing curriculum called Lucy Calkins: Units of Study to teach writing to our kindergarten children. Children will spend the year learning and producing different styles of writing (narrative, informational, and opinion). This will be done in a workshop fashion, much like reading. The children will spend the majority of the workshop time doing actual writing.

### **PHONICS**

We will be using the phonics program through the Literacy Collaborative framework called Word Study. We also provide 6 weeks of intensive phonemic awareness training at the beginning of the school year and each classroom teacher is expected to carry out phonemic awareness activities throughout the school year.

## **MY MATH**

The Board of Education's adopted curriculum for math is My Math. It is aligned with the Common Core State Standards (CCSS) for kindergarten. We will also be using a Math Workshop Framework.

## **SCIENCE AND SOCIAL STUDIES**

Science units include the study of plants, animals, the earth, weather, matter, and motion. Social Studies units include the study of historical people and events, families and communities, community helpers, and holidays and traditions. The units for both of these subjects will be incorporated into all other areas of learning.

## **BEHAVIOR PLAN**

All the kindergarten classrooms use a 'CLIP – UP/CLIP – DOWN' behavior chart. Every day, the students will start in the middle of the chart on green, "Ready to Learn". Their behavior, throughout the day, will determine whether they "clip – up" or "clip – down". When a child is making appropriate choices, they will be instructed to "clip – up", and will be recognized and praised for making good choices. When a child makes a poor choice, they will be instructed to "clip – down", and they will be given reminders/warnings of their choices and encouraged to make good choices.

Once a child "clip – down" and hits orange, "Think About It", there will be a consequence given to the child for poor choices that will be determined by the teacher (example: loss of recess minutes, time out, visit to office, etc.). When a child moves to red, "Parent Contact", there will be a behavior card coming home letting you know your child was on the red, and what they did to get there.

We give a student every opportunity to work their way back up the chart, too. When they get to "Outstanding", and higher, they can earn a star or gem for their clip. It is our desire that all students have a very successful day at school – both in their academics skills and their behavior skills.

## **Title 1 - Annual Notice To Parents Regarding Teacher Qualifications**

Dear Parent or Guardian:

Our school receives federal funds to Title 1 programs that are a part of ESSA legislation.

As part of this act, we want to provide you with this annual parent notice.

As a parent of a kindergarten student at the Van Wert Early Childhood Center, you have the right to know the professional qualifications of the classroom teacher(s) who instruct your child. Federal law allows you to ask certain information about your child's classroom teachers, and requires us to give you this information in a timely manner if requested.

Specifically, you have the right to ask for the following information about each of your child's classroom teachers:

- A. Whether the Ohio Department of Education has licensed or qualified the teacher for the grades and subjects he or she teaches.
- B. Whether the Ohio Department of Education has decided that said teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- C. The teacher's college major; whether the teacher has an advanced degree, and, if so, the subject area(s) of the degree.
- D. Whether any paraprofessionals provide services to your child, and, if they do, their qualification.

If you would like to receive any of this information, please contact the superintendent's office.

Thank you for your involvement in your child's education.
